

ND State Seed Department is seeking a Manager of Seed Regulatory Programs.

The incumbent serves in a lead role for enforcement of state and federal seed laws and labeling regulations for the State of North Dakota, and is the internal/external authority on the agency's role in seed intellectual property laws. This is a forward-facing position requiring excellent organizational, people and communications skills. For a complete job description, contact Ken Bertsch at kbertsch@ndseed.ndsu.edu or 701-231-5415. A link to the application process can be found at [\(APPLICATION\)](#).
